

AUGMENTED TRANSFORMATIONS PVT. LTD.

(A Orbit Techsol Company)

9001:2015 & 27001:2013

User Manual : AJAX Smart Fleet

Role: OEM

Features

- Track your vehicle on Map. Track each point traversed by your vehicle.
- Track and monitor all your vehicles at single place.
- Vehicle summary report at a glance.
- Geofence your area and receive mobile alerts when vehicle goes out of area.
- Critical parameter violation notifications on web / your mobile phone.
- Batch processing and consumption data : Live and History view.
- Complete tracking with parameters when vehicle on rent.
- Define Point of Interest and track locations.
- Graphical dashboard and analytical reports.
- Track day wise distance travelled, speed and speed violations.
- Service reminders
- Service updates
- Mobile app to track your vehicle on mobile.
